Tough Times Never Last, But Tough People Do! Robert H Schuller,2006-10 Robert Schuller shares his philosophy of 'Possibility Thinking' and translates it into an action plan for success and shows you how to build a self-image with positive thoughts and know the truth that after every storm, there is a calm. Every problem has a solution. It is our attitude to get going when the going gets tough as well as fight to face the obstructions that deprive us of our mental or physical peace which is the key to every problem in our life. Life is full of ups and downs. All of us have problems, but through this book Schuller show you how to build a positive self-image and emerge a winner. No matter how tough times get, don't give up, manage the problem creatively and constructively and you will succeed. We need to tackle our problems with courage, confidence and action. There's an old Chinese saying that goes, If you live with a problem long enough, it could eventually become a blessing. Within every hardship in life, there is always a seed of an equivalent or greater benefit. All we have to do is look for it and act on it.

Tough Times Never Last, but Tough People Do! Robert Schuller,1984-05-01 Name your problem, and you name your possibility! Dr. Schuller shows you how to build a positive self-image, no matter what your problem. Whether it's unemployment, poor health, loneliness, fear or anything else that blocks your success, you can turn your negative into a positive. Through Dr. Schuller's dynamic principles, you can learn: • 4 ways to evaluate a new idea • 10 commandments of possibility thinking • 5 principles for putting problems in a proper perspective • 18 principles of leadership • 5 phases necessary for the faith to move mountains • 5 ways to overcome a 'brownout' and prevent a burnout • 25 action words to get you started and never let you quit

The Payoff Principle Alan Zimmerman,2015-03-03 Where do you hope to go with your life, your career, and your relationships? How will you muster the energy to keep on keeping on, in the good times and the bad? What skills do you have to learn—and then use—to make sure you get the payoffs you really want in your professional life and your personal life? The problem with so many positive-thinking books and self-help routines is that they don't give you the whole formula. The Payoff Principle gives you that formula—Purpose + Passion + Process = Payoff—and then works as your guidebook, teaching you how to apply the formula to achieve success at work, at home, and everywhere you go. When you find purpose in what you do, exhibit passion for the outcome, and master the process to make it happen, you produce the payoffs you want, need, and

deserve. Plenty of people have done exactly that, whether consciously and deliberately or accidentally and luckily. But, you don't have to depend on luck anymore. You have a formula for getting what you want. You have a practical set of strategies guaranteed to deliver greater happiness and success than you've ever experienced. All you have to do now is read *The Payoff Principle* to learn how to implement the formula to experience the new-and-complete you.

Success Is Never Ending, Failure Is Never Final Robert Schuller, 1990-02-01 Each of us has experienced "down times"—setbacks at work, in relationships, in our inner lives—times where nothing seems to go right. Most of us have also felt as if we've failed at times, as well. But what is the difference between those who succeed and those who fail? The answer is simple: attitude. In this practical and empowering new book, Dr. Robert H. Schuller, the host and master of possibilities of the weekly telecast *The Hour Of Power* shows how to overcome the fear—and the groundless excuses—that keep us from success, fulfillment, and happiness. Here Dr. Schuller reveals his own unique formula for never-ending success: • The 10 steps for turning your dreams into reality • The amazing power of possibility thinking • The 22 stops on the road map to success • The 4 Cs of "success thinking" • How to banish "impossibility thinking" from your life • The "miracle ingredients" of faith and hope . . . and much more Your dreams, Dr. Schuller tells us, no matter how impossible, are the seeds of your success! Now you can learn how to nurture and cultivate your possibilities, uproot the negatives, and watch your dreams blossom into reality.

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

God Didn't Do It; He Only Signed Off On It Christiana I. Chineme,2010-03-01 As humans, things happen to us sometimes that we cannot fully understand. We desire to explain them when from human perspective there's no explanation that really exists. Our perplexion at things of that nature are not just about when they happen to us but also the things we witness in the world around us. They oftentimes shake the foundations of our faith in God to the core. But as much as not knowing hurts, at no time should our reaction be to accuse God for things we don't understand. Rather, we should know that God is not always the architect of all our problems and that He might not always save us from people that live to harm us or bless us the way we want because we take a stand with Him. His promise however is one thing and that is that He'll work it all out for HIS OWN ENDS even the wicked for a day of disaster Proverbs 16:4b. However your pain occurred, God's declared intentions are that He'll use all of your problems any which way they present to work out His will for your life. The deaths of some of the people that went before us is proof that for reasons best known to Him, God at times chooses not to deliver people that take a stand with Him. And it's not because He hated such people but because of what He already planned to use the situation for.
