The Fourth Dimension Yannis Ritsos, 2016-09-29 In the dramatic monologues that make up *The Fourth Dimension*--especially those based on the grim history of Mycenae and its royal protagonists--the celebrated modern Greek poet Yannis Ritsos presents a timeless poetic paradigm of the condition of Greece, past and present. The volume also contains a group of modern narratives, including the famous, and much-anthologized, *Moonlight Sonata*. Ritsos, rightly, regarded *The Fourth Dimension* as his finest achievement. It is now presented to English-speaking readers for the first time in its entirety. From *Philoctetes* All the speeches of great men, about the dead and about heroes. Astonishing, awesome words, pursued us even in our sleep, slipping beneath closed doors, from the banquet hall where glasses and voices sparkled, and the veil of an unseen dancer rippled silently like a diaphanous, whirling wall between life and death. This throbbing our childhood nights, lightening the shadows of shields etched on white walls by slow moonlight.

The Return of Thematic Criticism Werner Sollors, 1993 In the glory days of high modernist formalism it was anathema to speak about the content of a work of art. Those days are gone, and critical practice now is largely thematic practice. A focus on the themes of literature informs feminist, new historicist, ethnic, and even second-generation deconstructionist approaches. However, such practice is not always recognized. The specter of theoretically impoverished positivism still haunts thematic analysis, making it the approach to literature that dare not speak its name. This volume brings together for the first time an international group of writers, critics, and theoreticians who have thought deeply about this issue. How can we determine the theme of a given text? May the focus on form be the theme of a certain moment? Can the motif be understood as a formal category? What operations permit us to say that three or four texts constitute variants of the same

theme? The contributors challenge the conventional dismissal of merely thematic approaches and offer the reader different ways of tackling the issue of what a piece of writing is about. The work here comes out of such diverse intellectual traditions as Russian film theory, French phenomenology, Foucault, narratology, the Frankfurt School, intellectual history (Geistesgeschichte), psychoanalytic criticism, linguistics, ideological criticism, Proppian folklore studies, and computerized plot summary models. In addition to a collection of aphorisms from Plato to Robert Coover and a group of general and theoretical essays, this volume contains examples of practical engagement with such topics as literary history, Shakespeare, autumn poetry, anti-Semitism, fading colors, bachelors, Richard Wagner, and the Mexican Revolution. No comparable volume exists.

War in Words Marco Formisano, Hartmut Böhme, 2010-12-23 Although the paradoxical reality of warfare may elude definition, since antiquity war has been a constitutive element of Western culture; seen from a historical perspective, it gives access to a broad array of tensions between various models of knowledge and different kinds of tradition. The essays in this volume approach the phenomenon of war from antiquity to Clausewitz from the perspective of a variety of disciplines. Particular attention is given to texts, images, and their interaction.

The Absence of Grace Harry Berger, 2000 *The Absence of Grace* is a study of male fantasy, representation anxiety, and narratorial authority in two sixteenth-century books, Baldassare Castiglione's *Il libro del Cortegiano* (1528) and Giovanni Della Casa's *Galateo* (1558). The interpretive method is a form of close reading the author describes as reconstructed old New Criticism, that is, close reading conditioned by an interest in and analysis of the historical changes reflected in the text. The book focuses on the way the Courtier and Galateo cope with and represent the interaction between changes of elite culture and the changing construction of masculine identity in early modern Europe. More specifically, it connects questions of male fantasy and masculine identity to questions about the authority and reliability of narrators, and shows how these questions surface in narratorial attitudes toward socioeconomic rank or class, political power, and gender. The book is in three parts. Part One examines a distinction and correlation the Courtier establishes between two key terms, (1) sprezzatura, defined as a behavioral skill intended to simulate the attributes of (2) grazia, understood as the grace and privileges of noble birth. Because sprezzatura is negatively conceptualized as the absence of grace it generates anxiety and suspicion in performers and observers alike. In order to suggest how the binary opposition between these terms affected the discourse of manners, the author singles out the titular episode of Galateo, an anecdote about table manners, which he reads closely and then sets in its historical perspective. Part Two takes up the question of sprezzatura in the gender debate that develops in Book 3 of the Courtier, and Part Three explores in detail the characterization of the two narrators in the Courtier and Galateo, who are represented as unreliable and an object of parody or critique.

The Development of the Modern State Gianfranco Poggi, 1978

Early Modern Italy, 1550-1796 John A. Marino, 2002 This volume provides a fresh and dynamic account of Early Modern Italy, covering such themes as politics, Italy's experience of the absolutist state, the Counter-Reformation, society and economy in both town and country, family and gender, the arts and intellectual life, popular culture, and Italy's distinctive role in Europe.

On the Edge of the Global Niko Besnier, 2011-03-02 This book explores the malaise present in post-colonial Tonga, analyzing the way in which segments of this small-scale society hold on to different understandings of what modernity is, how it should be made relevant to local contexts, and how it should mesh with practices and symbols of tradition.

Poets of the Italian Diaspora Luigi Bonaffini, Joseph Perricone, 2014 In the century between 1870 and 1970, about twenty-seven million migrants left Italy to work and live abroad. As a result, the worldwide Italian diaspora reportedly numbers more than sixty million people. Until now, however, there has not been an anthology devoted to the literature of the Italian diaspora that places it in a global context. This landmark volume presents a truly international selection of works by

more than seventy Italian-language poets who are writing in countries from Australia to Venezuela. Their poetry is collected here into eleven geographical regions. The history and current state of Italian-language poetry in each region receives a critical overview by a knowledgeable scholar, who also introduces each poet and provides a bibliography of his or her work. All poems appear on facing pages in both Italian and English. Poets of the Italian Diaspora is part of a long-range project, by the editors and contributors, to expand the boundaries of the Italian literary canon.

The Italian Tragedy in the Renaissance Salvatore Di Maria, 2001-11-01 This book is about the Renaissance revitalization of classical drama. Using a cultural and a theatrical approach, it shows how Italian playwrights made ancient tragedy relevant to their audiences. The book challenges the traditional critical approach to the Italian Renaissance tragedy as a mere literary work, and calls attention to the complementary function of the theatrical text, which is
OOreconstructedOO from the stage directions embedded in the discourse of the characters.

The Double Bond - Primo Levi Carole Angier, 2011-03 'Meticulous and visionary ... The entwined complexities and contradictions of man and writer are caught in Angier's vastly detailed and intricately layered biography.' The New York Times Book Review Perhaps the most important writer to emerge from the death camps, Primo Levi spent sixty-five of his sixty-seven years in Turin, Italy, where he worked as a chemist by day and wrote at night in a study that had been his childhood bedroom. Thanks to his memoirs, which include *Survival in Auschwitz*, *The Reawakening*, and his autobiographical masterpiece *The Periodic Table*, he became widely known and loved as a supremely moral man, one who had transmuted the agonies of persecution into understanding and clarity. The whole world was shocked when he died in 1987, apparently having thrown himself into the stairwell of the house in which he had been born. Carole Angier spent nearly ten years writing this deeply researched, vivid, and moving biography, which illuminates the design of Levi's interior life: how he lived as a man divided, not only between chemistry and writing but also between hope and despair, and how the duty to testify released him to communicate, which was his deepest need. 'Compelling - and beautifully written.' The Wall Street Journal 'Overpowering ... Angier's life study succeeds because, beyond its diligence and probity, it is an exhaustive exercise of moral imagination.' San Francisco Chronicle

The Inquisition in Early Modern Europe Gustav Henningsen, 1986

Brothers Carmelo Samonà, 1992 The narrator of *Brothers* is his brother's keeper, trying to impose order on the domestic vortex caused by the latter's inadequacies and demands. He tells the story in order to retain a grip on himself, trying to

analyze their relationship in a clinical way, but his account is infected by his brother's problems. Their relationship of dependence and authority begins to turn: is he reading and rearranging the written account of their relationship? This insistent, precise novel draws the reader into an intense world as enclosed as a mystery story.
