Leisure Space Paul Hogben, Judith O'Callaghan, 2014-06-01 Dinner at Australia Square's revolving Summit Restaurant, sipping cocktails at the Chevron in Potts Point, hanging out at a Skyline drive-in ... Mid-twentieth-century Sydneysiders embraced leisure like never before. Leisure Space details the architecture and design that transformed their city - through its new hotels, motels, restaurants, bars, clubs, shopping centres, drive-ins and golf courses, including landmark buildings such as the Gazebo and the Wentworth Hotel. With stunning images from Max Dupain, Mark Strizic and other outstanding Australian photographers, Leisure Space explores a dynamic period in Sydney's history and the dramatic impact of modernism on the city's built environment.

Contemporary Hollywood Stardom Thomas Austin, Martin Barker, 2003 This book offers a reappraisal of star studies in light of the arrival of the internet and the explosion in materials such as glossy magazines and merchandise meaning that stars are visible as never before. It explores the political economy of stardom, questions of performance, the effect on stardom of convergence between the film industry and other leisure industries, and the role of audiences.

Hollywood Stardom Paul McDonald, 2012-11-26 By integrating star studies and film industry studies, Hollywood Stardom reveals the inextricable bonds between culture and commerce in contemporary notions of film stardom. Integrates the traditions of star studies and industry studies to establish an original and innovative mode of analysis whereby the 'star image' is replaced with the 'star brand' Offers the first extensive analysis of stardom in the 'post-studio' era Combines genre, narrative, acting, and discourse analysis with aspects of marketing theory and the economic analysis of the film market Draws on an extensive body of research data not previously deployed in film scholarship A wide range of star examples are explored including George Clooney, Mel Gibson, Tom Cruise, Daniel Day-Lewis, Tom Hanks, Will Smith, and Julia Roberts

The North Shore David Verran, 2010-09-24 Auckland's North Shore has long been known as a place apart, a place of leisure known for its beautiful beaches and relaxed lifestyle. Until the opening of the Auckland Harbour Bridge in 1959, it was viewed by many city-siders as a holiday destination, but the past 40 years have seen it transformed into a vital city in its own right. Yet its European origins go back to the earliest days of the settlement of Auckland. This lively history tells the story of the Shore's development from Maori and early contact times up to local body amalgamation and the formation of the first 'North Shore City' in 1989. It covers themes such as transport, industry, population growth and settlement patterns, arts and architecture, religion and sport. Presented in a coffee-table format, it is fully illustrated with historic photographs and paintings which will fascinate those familiar with the Shore as it is now. The book will be launched during the city's 2010 Heritage Week festival, in time to celebrate the city before Supercity amalgamation.
