Commercial Law Applied David E. Robinson,2012-08-01 The principles, maxims and precepts of Commercial Law are eternal, unchanging and unchangeable. They are expressed in the Bible, both in the Old Testament and in the New. The law of commerce -- unchanged for thousands of years -- forms the underlying foundation of all law on this planet; and for governments around the world. It is the law of nations, and of everything that human civilization is built upon. This is why Commercial Law is so powerful. When you operate at the level of Commercial Law, by these precepts, nothing that is of inferior statute can overturn or change it, or abrogate it, or meddle with it. It is the fundamental source of all authority, power and functional reality.

Common Law & Natural Rights Ruben Alvarado,2009-08 Common law is explored as the alternative to natural rights as a means of restricting state power. The separation of powers is weighed in the balance and found wanting as a brake on state power. The underlying root of this inability is discovered in the philosophy of natural rights. Natural rights gave birth to the separation of powers, but neither the former nor the latter has been able to restrain government. This failure is highlighted in detail, and the alternative means to the same end, the common law, is brought to the fore.

The Ucc Connection David E. Robinson,2013-11-06 THE 10 MAXIMS OF COMMERCIAL LAW 1. A workman is worthy of his hire. 2. All are equal under the law. 3. In commerce, truth is sovereign. 4. Truth is expressed in the form of an affidavit. 5. An unrebutted affidavit stands as truth in commerce. 6. An unrebutted affidavit becomes judgment in commerce. 7. A matter must be expressed to be resolved. 8. He who leaves the field of battle first loses by default. 9. Sacrifice is the measure of credibility. 10. A lien or claim can be satisfied only through (a) rebuttal by counter affidavit point by point; (b) resolution by a jury; or (c) payment or performance of the claim.

Common Law and Natural Law in America Andrew Forsyth,2019-04-11 Presents an ambitious narrative and fresh re-assessment of common law and natural law's varied interactions in America, 1630 to 1930.

Fruit from a Poisonous Tree Melvin Stamper JD, 2008-10-01 This book is a veritable powerhouse that shatters, in one instant, the wall of lies and deceit that took decades to build upon our impressionable minds. Stamper's ability to explain complex legal and political information in a comprehensive yet concise manner is without equal. Like a master sculptor he has chipped away the 'Words of Art and Deception' to reveal the inescapable and undeniable Truth. This book has single-handedly bared the cleverly crafted schemes of a Power-lusting Elite. ~ Paul Nash, DC, ND, CCN, ACU, Holistic Medicine, Minneapolis If only a portion of what this researcher has discovered is verifiable, we as a nation of free people must hang our heads in shame. The future generations will not forgive us or forget the terrible injustice we have let befall them. ~ Fred Diaulas, Professor of Ethics, University of North Florida In 1954 I began my legal practice as an assistant district attorney in the city of Miami. We switched from common law pleading to statutory pleading and no one asked why. Now I know the answer, and it depresses me to no end. ~ Ralph G. Mitchell, JD, Attorney at Law, St. Augustine, Florida.

So, They Say You've Broken the Law, 2011 "This little book will give you the information, the know-how and the tools to successfully challenge alleged Authority in and out of court. Barristers, QCs and lawyers worldwide have read and discussed the content with the author and cannot find a legal argument against it. It works. Use it for defence, appeal or to challenge any claim made upon you."--Publisher's Notes.

Black's Law Dictionary Bryan A. Garner, Henry Campbell Black, 1990

Sovereign Citizens, 2020-06-17 The sovereign citizen movement combines radical anti-government activism with well-placed lies and carefully structured conspiracy theories about the origins of the United States. Inside, the author exposes the strange, the interesting, and the dangerous, and deconstructs, decodes and deflates the global sovereign citizen movement. The most elaborate conspiracy theories often contain a morsel of truth. This is certainly the case when it comes to the sovereign citizen movement. This movement is not structured, and it has no leader. Yet its ideas have spread around the world in the past thirty years. From the United States to the United Kingdom and all the way to Singapore, you can find instances of sovereign citizen activists splashing the headlines and popping up on YouTube. Most often, sovereign citizens defy the police when they are pulled over for breaking traffic laws. A sovereign citizen will tell the police that they have no lawful authority, no rightful jurisdiction and that they work for a corporation known as the United States. Usually, this does not end well for the sovereign citizen. Sovereign citizens will also spread their anti-government activism in YouTube videos, in fraudulent court filings and through elaborate moneymaking schemes where they pose as lawyers and judges. These con artists have swindled millions of dollars from the United States government and perhaps much more money from regular citizens. This book explores the origins of the movement, the conspiracies that form the foundation of the movement and the common words and actions that sovereign citizens adopt and use. Joe Pometto is a licensed attorney in Pittsburgh, PA and a

United States Air Force veteran. He also has a YouTube channel called Attorney Audits Agitators where he analyzes encounters with sovereign citizens and other movements that brush up against the law.

Nesara II David E. Robinson, 2012-01-10 It is all coming down : —The meeting between the 57 Finance Ministers from around the world that took place on board a ship off the coast of Monaco is beginning to quietly emerge as a powerful and dynamic shift in Global Economics and potentially in Global Politics as former Presidents and Prime Ministers of countries who have sided with the Banking Cabal, are now already jumping ship and supporting the growing movement toward proper financial management of the Global Accounts around the World. A cataclysmic shift in both Global Politics and Economics is now well under way. World Governments are coming to understand how the Global Banking System is systematically looting entire economies through theft, fraud, deception and manipulation, which in turn forces Governments to raise taxes that citizens should not have to pay.

My Home Is My Castle David E. Robinson, 2010-09-06 Stop foreclosure with a question. The Magic Question that will debunk any foreclosure is this: Ask this questions in court. Should the one who funded the loan be the one who is repaid the money debt? If the answer is Yes or No, the bank must zero out the false debt on their fraudulently created none-existent loan. There was no lawful loan made by the bank to the so-called borrower. All bankers, politicians, and judges know this truth, and they fear the wrath of the public should their dirty secret ever become known by a critical mass of the people that they have for decades been defrauding. The so-called borrower. Bankers will not answer this question in any courtroom in

the world because they know that the borrower is the one who actually funded the loan. They also know that the evidence of this fact can easily be found in the bookkeeping loan entries of the bank. According to GAAP (Generally Accepted Accounting Principles).

Your Day in Court Bradley J. Franks,Robert C. Simpson,2023-01-18 For those Americans who know the difference between a U.S. Citizen and a true American. Remember, U. S. Policies (Statutes, Codes, or Ordinances) do not apply to Americans that exercise their rights set forth by the U. S. Constitution. Those who come from a different Country apply for Citizenship become U.S. citizens. The government has forgotten these facts and will be held accountable for their crimes against Americans.
