**ZeroZeroZero** Roberto Saviano, 2016-08-30 An electrifying, internationally bestselling investigation of the global cocaine trade now a series on Prime Video starring Andrea Riseborough, Dane DeHaan, and Gabriel Byrne, from the author of the #1 international bestseller Gomorrah “Zero zero zero” flour is the finest, whitest available. It is also the nickname among narcotraffickers for the purest cocaine on the market. And it is the title of Roberto Saviano’s unforgettable exploration of the inner workings of the global cocaine trade—its rules and armies, and the true depth of its reach into the world economy. Saviano’s Gomorrah, his explosive account of the Neapolitan mob, the Camorra, was a worldwide sensation. It struck such a nerve with the Camorra that Saviano has lived with twenty-four-hour police protection for more than eight years. During this time he has come to know law enforcement agencies and officials around the world. With their cooperation, Saviano has broadened his perspective to take in the entire global “corporate” entity that is the drug trade and the complex money-laundering operations that allow it to function, often with the help of the world’s biggest banks. The result is a harrowing and groundbreaking synthesis of literary narrative and geopolitical analysis exploring one of the most powerful dark forces in our economy. Saviano tracks the shift in the cocaine trade’s axis of power, from Colombia to Mexico, and relates how the Latin American cartels and gangs have forged alliances with crime syndicates across the globe. He charts the increasing sophistication of these criminal entities as they diversify into other products and markets. He also reveals the astonishing increase in the severity of violence as they have fought to protect and extend their power. Saviano is a writer and journalist of rare courage and a thinker of impressive intellectual depth, able to see connections between far-flung phenomena and bind them into a single epic story. Most drug-war narratives feel safely removed from our own lives; Saviano offers no such comfort. Both heart-racing and eye-opening, ZeroZeroZero is an investigative story like none other. Praise for ZeroZeroZero: “[Saviano] has developed a literary style that switches from vivid descriptions of human depravity to a philosophical consideration of the meaning of violence in the modern world. . . . Most important of all is the hope Saviano gives to countless victims of criminal violence by standing up to its perpetrators.” —Financial Times

**Italy's 'Southern Question'** Jane Schneider, 2020-05-31 The ‘Southern Question’ has been a major topic in Italian political, economic and cultural life for a century and more. During the Cold War, it was the justification for heavy

government intervention. In contemporary Italy, a major part of the appeal of the Lombard League has been its promise to dissociate the South from the North, even to the point of secession. The South also remains a resonant theme in Italian literature. This interdisciplinary book endeavours to answer the following: - When did people begin to think of the South as a problem? - Who - intellectuals, statisticians, criminologists, political exiles, novelists (among them some important southerners) - contributed to the discourse about the South and why? - Did their view of the South correspond to any sort of reality? - What was glossed over or ignored in the generalized vision of the South as problematic? - What consequences has the 'Question' had in controlling the imaginations and actions of intellectuals and those with political and other forms of power? - What alternative formulations might people create and live by if they were able to escape from the control of the 'Question' and to imagine the political, economic and cultural differences within Italy in some other way? This timely book reveals how Southern Italians have been affected by distorted versions of a complex reality similar to the discourse of 'Orientalism'. In situating the devaluation of Southern Italian culture in relation to the recent emergence of 'anti-mafia' ideology in the South and the threat posed to national unity by the Lombard League, it also illuminates the world's stiff inter-regional competition for investment capital.

**Darkest Italy** J. Dickie, 1999-08-19 Stereotypical representations of the Mezzogiorno are a persistent feature of Italian culture at all levels. John Dickie analyzes these stereotypes in the post Unification period, when the Mezzogiorno was widely seen as barbaric, violent or irrational, an Africa on the European continent.

From Gutenberg to Google Peter L. Shillingsburg, 2006-08-31 As technologies for electronic texts develop into ever more sophisticated engines for capturing different kinds of information, radical changes are underway in the way we write, transmit and read texts. In this thought-provoking work, Peter Shillingsburg considers the potentials and pitfalls, the enhancements and distortions, the achievements and inadequacies of electronic editions of literary texts. In tracing historical changes in the processes of composition, revision, production, distribution and reception, Shillingsburg reveals what is involved in the task of transferring texts from print to electronic media. He explores the potentials, some yet untapped, for electronic representations of printed works in ways that will make the electronic representation both more accurate and more rich than was ever possible with printed forms. However, he also keeps in mind the possible loss of the book as a material object and the negative consequences of technology.

**Applying Luhmann to Translation Studies** Sergey Tyulenev, 2012-05-23 This book deals with one of the most prominent and promising developments in modern Translation Studies--the sociology of translation. Tyulenev develops an original way of applying Luhmann's Social Systems Theory to translation, viewing translation as a social-systemic boundary phenomenon. The book consists of two major parts: in the first, translation is described as a system in its own right with its systemic properties; in the second part, translation is viewed as a social subsystem and as a boundary phenomenon in the overall social system.

**Digital Scholarly Editing** Dr Elena Pierazzo, 2015-08-28 This book provides an up-to-date, coherent and comprehensive treatment of digital scholarly editing, organized according to the typical timeline and workflow of the preparation of an edition: from the choice of the object to edit, the editorial work, post-production and publication, the use of the published edition, to long-term issues and the ultimate significance of the published work. The author also examines from a theoretical and methodological point of view the issues and problems that emerge during these stages with the application of computational techniques and methods. Building on previous publications on the topic, the book presents the development in digital textual scholarship without attempting to propose a new editorial approach, claiming instead that the alterations in traditional editorial practices necessitated by the use of computers impose radical changes in the way we think and manage texts, documents, editions and the public. It is of interest not only to scholarly editors, but to all involved in publishing and readership in a digital environment in the humanities.

*Primary Teachers Talking* Professor Jennifer Nias, Jennifer Nias, 2002-06-01 What is it like to be a primary teacher? The first detailed study of the personal and professional experience of primary teachers in England and Wales, Primary Teachers

Talking makes extensive use of verbatim evidence supplied by teachers during interviews in their first decade of work and again ten years later. In Part I Jennifer Nias discusses the importance attached to the ways in which primary teachers see themselves and the main dimensions of that self-image. In Part II, she examines the subjective experience of 'being a primary teacher', looking at the main factors which contribute to job satisfaction and dissatisfaction, and at teachers' relationships with their colleagues. She shows that to 'feel like a teacher' is to learn to live with dilemma, contradiction and paradox and - at its best - to experience in their resolution the creative satisfactions of the artist.

**The Novel-Essay, 1884-1947** S. Ercolino, 2014-04-08 The novel-essay emerged in France, in the last quarter of the nineteenth century, and reached its highest formal complexity in Austria and Germany, during the interwar period. Here, Ercolino argues that it is crucial for a renovated understating of the history of the novel in modernity.

Geography for the Lost Kapka Kassabova, 2013-10-01 In *Geography for the Lost*, travelling poems speak from different parts of the world and different moments in time, but always of the many ways to be lost and disoriented: in a place, in the past, in fear, in the very quickness of life. The voices here - from a Roman housewife to a Chinese bar-owner in Berlin or an Argentine DJ - are of the heartsick, the culturally jet-lagged, people from photographs, the 'tenants' of lives, cities and destinies. This is what we all are, have been, or will be. Colourful, haunting, funny, bitter-sweet, the poems in *Geography for the Lost* mirror the restlessness of the human condition in Kassabova's best book yet.

**The Greeks** Paul Cartledge, 1993 Who were the Classical Greeks? This book provides an original and challenging answer by exploring how Greeks (adult, male, citizen) defined themselves in opposition to a whole series of others (non-Greeks, women, slaves, non-citizens, and gods) as presented by supposedly objective historians of the time such as Herodotus, Thucydides, and Xenophon. Cartledge looks at the achievements and legacy of the Greeks - history, democracy, philosophy and theatre - and the mental and material contexts of these inventions which are often deeply alien to our own way of thinking and acting. This new edition contains an updated bibliography, a new chapter entitled *Entr'acte: Others in Images and Images of Others*, and a new afterword.

Why Translation Studies Matters Daniel Gile, Gyde Hansen, Nike Kocijan, Pokorn, 2010-01-01 Whether Translation Studies really matters is an important and challenging question which practitioners of translation and interpreting raise repeatedly. TS scholars, many of whom are translators and interpreters themselves, are not indifferent to it either. The twenty papers of this thematic volume, contributed by authors from various parts of Europe, from Brazil and from Israel, address it in a positive spirit. Some do so through direct critical reflection and analysis, arguing in particular that the engagement of TS with society should be strengthened so that the latter could benefit more from the former. Others illustrate the relevance and contribution of TS to society and to other disciplines from various angles. Topics broached include the cultural mediation role of translators, issues in literary translation, knowledge as intellectual capital,

globalization through English and risks associated with it, bridging languages, mass media, corpora, training, the use of modern technology, interdisciplinarity with psycholinguistics and neurophysiology.

Saracen Tales Giuseppe Bonaviri, 2007 Fiction. Short Stories. Translated from the Italian by Barbara De Marco. In SARACEN TALES, Italian-born Giuseppe Bonaviri brings a wild newness to the tale of the life of Jesus. In this succession of stories, Bonaviri explores all manners of the known and unknown, the archetypal, the mythological, the symbolic--the life of Jesus is both his material and his point of departure. Part surrealism, part folklore, readers will be amazed at the originality and creativity with which a long-familiar tale is presented. Bonaviri is a myth-maker, looking simultaneously to the historical past and to the future, to arrive at the a-historical, at cosmic universality--Franco Zangrilli. Giuseppe Bonaviri was born in 1924 in Sicily. He began writing when he was ten and continued through high school, college, and in his professional life as a doctor, health official, and cardiologist. His work has been widely translated.

**Tragedy of Childhood** Alberto Savinio, 1991 Alberto Savinio is the pseudonym of Andrea de Chirico, brother of the surrealist painter Giorgio de Chirico, and this work, written in 1945, exemplifies the word surrealist. With the perspective of a child, Savinio recalls incidents that are on the border between reality and fantasy. Moments of illness, of trying to elicit satisfying answers from grownups, the joy of caring for an injured bird matched by the frustration of having it fly away, the desolation of being ignored by grownup friends, and the absurdities he saw at the theater--all are lyrically portrayed but juxtaposed against elements of the grotesque.

**A History of the Internet and the Digital Future** Johnny Ryan, 2010-09-15 A History of the Internet and the Digital Future tells the story of the development of the Internet from the 1950s to the present and examines how the balance of power has shifted between the individual and the state in the areas of censorship, copyright infringement, intellectual freedom, and terrorism and warfare. Johnny Ryan explains how the Internet has revolutionized political campaigns; how the development of the World Wide Web enfranchised a new online population of assertive, niche consumers; and how the dot-com bust taught smarter firms to capitalize on the power of digital artisans. From the government-controlled systems of the Cold War to today's move towards cloud computing, user-driven content, and the new global commons, this book reveals the trends that are shaping the businesses, politics, and media of the digital future.

*The Sex Appeal of the Inorganic* Mario Perniola, 2004-03-26 We live in a world where the one-time opposition between things and humans has been transformed, where the center of contemporary sensibility is the encounter between philosophy and sexuality, where sex extends well beyond both the act and the body. We live in a world where to be sexy is to ignore the distinctions between animate and inanimate objects of desire, where the aesthetics of sex are being revolutionized. An organic sexuality, based on sex difference and driven by desire and pleasure, is being replaced by a neutral, inorganic and artificial sexuality, a sexuality always available but indifferent to beauty, age or form, a sexuality freed by thought from

nature. The Sex Appeal of the Inorganic takes the reader on a radical, new tour of Western philosophy—from Descartes, Kant and Hegel to Heidegger, Wittgenstein and Sartre—to reframe our understanding of personal experience and the aesthetic, to examine how, if we are to remember how to feel, we must become a thing who feels, we must think ourselves closer to the inorganic world and move further from our bodies.

**By-Paths in Sicily** Eliza Putnam Heaton, 2010-03 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

**Lyle XOX** Lyle Reimer, 2019-03-05 Canadian makeup and mixed media artist Lyle Reimer has nearly 125,000 Instagram followers who visit his account @Lylexox to experience the fantasy and undeniable creativity of his self-portrait personas, which fuse facial sculpture, makeup, and found objects, accompanied by hilarious fictional backstories. Lyle Reimer has captivated Instagram fans with his strangely beautiful self-portraits where his face serves as a blank canvas for decorative facial collages that bring his otherworldly online personas to life. His love of makeup, fashion, and storytelling is evident in his Instagram posts where he styles the makeup, wigs, and assembles his elaborate facial sculptures made up of found and recycled objects. Always pushing the boundaries of beauty, Reimer explores a multiplicity of characters à la Cindy Sherman, combined with the subversive edge of performance artist Leigh Bowery, and the glamorous theatrics of Moulin Rouge! In his debut book, designed by the renowned art director Fabien Baron, Reimer has curated a collection of his favorite Instagram personas. For Reimer's spectacular facial collages, inspiration comes from the most quotidian things--from feathers, soy sauce packets, Pellegrino water labels, bleached turkey bones, and mattress foam to ripped pages from Vogue and deconstructed Gucci purses--to create beautiful pieces of facial art. Truly a must-have for makeup and beauty aficionados and those interested in online popular culture, this one-of-a-kind volume captures Reimer's work as he breaks the boundaries of beauty, embraces self-expression, and celebrates the ever-changing nature of an individual's sense of style.
