Captivity-The Extreme Circumstance U. S. Navy,2017-11-23 This book is a training manual for US Navy personnel who might be captured and those who help them. Its approach is multi-faceted, practical, legal, psychological and spiritual. It includes stories of those who were prisoners of war. It is designed as a textbook. Since I am intending it for more general purposes, material regarding tests, exams, etc have been removed. Discussion questions have been left in place. Pull quotes from the texts and insets suggesting additional reading in the appendix have been removed as difficult to fit in the e-book content. As noted in the front matter, it is approved for public release, distribution is unlimited. As a US government publication, it is in the public domain.

Lawrence, Saladin, Zhukov, Eisenhower and many more - sit side by side to build a comprehensive picture of war across the ages. Broken down into more than 480 categories, covering courage, danger, failure, leadership, luck, military intelligence, tactics, training, guerrilla warfare and victory, this definitive guide draws on the collected wisdom of those who have experienced war at every level.
