Social Work with Immigrants and Refugees Elaine Congress, DSW, MSW, Fernando Chang-Muy, MA, JD, 2008-10-27 This book is an optimal tool for instructors and students of graduate classes in social work and related disciplines. --Journal of Immigrant and Minority Health I applaud social work students, professors, and social workers who seek to serve and empower the immigrant community. This text is a great tool toward raising awareness of the many issues immigrants face, and helping them find solutions. --Frank Sharry, Executive Director, America's Voice The book is a major contribution to social workers and their clients as it addresses advocacy on behalf of immigrants and refugees during a social, economic and political period that restricts immigrants' rights and service access. --Dr. Diane Drachman, Associate Professor, University of Connecticut School of Social Work Successful social work with immigrants must begin with an understanding of their legal status and how that status impacts their housing, employment, health care, education, and virtually every other aspect of life. Chang-Muy and Congress present social workers with the only book on the market to emphasize the legal aspect of immigrant issues as well as critical practice and advocacy issues. Topics discussed include historical and current trends in immigration, applicable theories for practice with immigrants, policy and advocacy methods, and the need for cultural

competence. By providing comprehensive coverage of both the legal and practice issues of this complex field, this book will help social service professionals and graduate students increase their cultural sensitivity and work more effectively with immigrants. Key Features: Covers the latest aspects of the immigration debate and discusses how social workers are affected by emerging immigration policies Discusses special populations such as refugees, elderly immigrants, and victims of international trafficking Includes case studies on the most critical issues immigrants face today: legal processes, physical and mental health issues, employment difficulties, family conflicts, and more Instructional Materials Available! Free to instructors with a verified order of seven or more copies. Email [marketing@springerpub.com](mailto:marketing@springerpub.com) to request syllabus and PowerPoint slides.

**Friends Or Strangers** George J. Borjas, 1990-04-09 Borjas (economics, U. of California, Santa Barbara) provides a pinched, crabby, misanthropic and xenophobic account of immigration that will likely please political conservatives, social troglodytes, and greedy entrepreneurs. Basically, he bemoans the low quality of recent immigrant labor, and, implicitly at least, the low quality of the immigrants themselves. Where did his family come from? Fertile Matters Elena R. Gutiérrez, 2009-06-03 While the stereotype of the persistently pregnant Mexican-origin woman is longstanding, in the past fifteen years her reproduction has been targeted as a major social problem for the United States. Due to fear-fueled news reports and public perceptions about the changing composition of the nation's racial and ethnic makeup—the so-called Latinization of America—the reproduction of Mexican immigrant women has become a central theme in contemporary U. S. politics since the early 1990s. In this exploration, Elena R. Gutiérrez considers these public stereotypes of Mexican American and Mexican immigrant women as hyper-fertile baby machines who breed like rabbits. She draws on social constructionist perspectives to examine the historical and sociopolitical evolution of these racial ideologies, and the related beliefs that Mexican-origin families are unduly large and that Mexican American and Mexican immigrant women do not use birth control. Using the coercive sterilization of Mexican-origin women in Los Angeles as a case study, Gutiérrez opens a dialogue on the racial politics of reproduction, and how they have developed for women of Mexican origin in the United States. She illustrates how the ways we talk and think about reproduction are part of a system of racial domination that shapes social policy and affects individual women's lives.
