**Donna Freitas**

*Garfield, His 9 Lives* Jim Davis, 1984 Garfield lives his life to the fullest . . . 9 times! Cave Cat -- the first cat crawled out of the sea 10 million years ago. He was happy to be out of the water -- until he met Big Bob! The Vikings -- he was big, he was mean, he was a Viking. Garfield the Orange had looted a lot of cities, but none like St. Paul, Minnesota. Babes and Bullets -- Sam Spayed wasn't the best private investigator in the world, but he did have one terrific thing going for him -- a secretary who made a great cup of coffee. The Exterminators -- no mouse was safe from the exterminators. Catching mice was their life. It wasn't a pretty job -- especially the way they did it. Lab Animal -- specimen 19-GB was not happy at the prospect of being dissected, so he did something about it. What happened set the federal government on its ear. The Garden -- life was a carefree romp among hovering harmonicas for Cloey and the orange kitten . . . until they confronted the crystal box. Primal Self -- he was an ordinary house cat leading an ordinary existence. A shadowy memory from another time changed all that. Garfield -- the marvelous cat we all know and love. This is his life in a nutshell. Space Cat -- he was lost in space with a computer built by the lowest bidder. And, he was not about to let his life slip away that easily.

**Stolen** Celia Thomson, 2004-09 After weeks of experimenting with her new powers, 16-year-old Chloe has learned how to use them. Now, she must figure out where she got them, what she's supposed to do with them, and why certain people follow her wherever she goes.

**Who Done It?** Jon Scieszka, 2013-02-12 A star-studded anthology with a devilish hook, whose proceeds benefit 826nyc: the fabulous literacy non-profit founded by Dave Eggers. Can you imagine the most cantankerous book editor alive? Part Voldemort, part Cruella de Vil (if she were a dude), and worse in appearance and odor than a gluttonous farm pig? A man who makes no secret of his love of cheese or his disdain of unworthy authors? That man is Herman Mildew. The anthology opens with an invitation to a party, care of this insufferable monster, where more than 80 of the most talented, bestselling and recognizable names in YA and children's fiction learn that they are suspects in his murder. All must provide alibis in brief first-person entries. The problem is that all of them are liars, all of them are fabulists, and all have something to hide...

**The Nine Lives of Rose Napolitano** Donna Freitas, 2022-04-05 “A powerful exploration of motherhood and feminism... this novel will have readers examining their own ‘what-ifs.’” — Jill Santopolo, New York Times bestselling author of *Everything After* “[An] inventive novel about love, loss, identity, and compromise.”—*Woman's Day* “Delves deep into love, motherhood, and the complicated dance that is navigating the world as a woman.” — Claire Lombardo, New York Times bestselling author of *The Most Fun We Ever Had* A deeply moving novel about a woman who thought she never wanted to be a mother—and the many ways that life can surprise us Rose Napolitano is fighting with her husband, Luke, about prenatal vitamins. She promised she’d take them, but didn’t. He promised before they got married that he’d never want children, but now he’s changed his mind. Their marriage has come to rest on this one question: Can Rose find it in herself to become a mother? Rose is a successful professor and academic. She's never wanted to have a child. The fight ends, and with it their marriage. But then, Rose has a fight with Luke about the vitamins—again. This time the fight goes slightly differently, and so does Rose’s future as she grapples with whether she can indeed give up the one thing she thought she knew about herself. Can she reimagine her life in a completely new way? That reimagining plays out again and again in each of Rose’s nine lives, just as it does for each of us as we grow into adulthood. What are the consequences of our biggest choices? How would life change if we let go of our preconceived ideas of ourselves and became someone completely new? Rose Napolitano’s experience of choosing and then choosing again shows us in an utterly compelling way what it means, literally, to reinvent a life and, sometimes, become a different kind of woman than we ever imagined. A stunning novel about love, loss, betrayal, divorce, death, a woman’s career and her identity, *The Nine Lives of Rose Napolitano* is about finding one’s way into a future that wasn't the future one planned, and the ways that fate intercedes when we least expect it.

I don't even know what that means anymore. It all started on the day that I saw my first ghost—and the ghost saw me. Now there are ghosts everywhere and they won't leave me alone. To top it all off, I somehow got myself locked up in Lyle House, a special home for troubled teens. Yet the home isn't what it seems. Don't tell anyone, but I think there might be more to my housemates than meets the eye. The question is, whose side are they on? It's up to me to figure out the dangerous secrets behind Lyle House . . . before its skeletons come back to haunt me.

*Into Darkness* Liz Braswell,2021-05-04 No Stuffies has ever gone into the Darkness and returned.... Clark can't wait to go away to camp this year. For the first time ever, he has actual friends to hang out with. Catherine-Lucille and D. A. will both be at Camp I Can with Clark, and C. L. has already promised to induct him into her exclusive camp club—the one for campers who know everything there is to know about the world of Monsters and how Stuffies protect kids from them. And now that he knows (or suspects . . . very strongly) that his grandma-made Stuffie, Foon, heroically saved his own father from a horrible fate, Clark is obviously bringing Foon to camp along with him. But once Clark gets to camp, he and his friends discover things are off. There are strange, gooey findings in some of the bunks, the adults are acting weird, and, worst of all, their Stuffies and dolls go missing right at the moment they need them the most—when they go on the intersession camping trip and end up trapped in a creepy old cabin. What Clark and his friends don't know, and what the mighty Foon soon discovers, is that the Monsters have launched a revenge campaign against Foon—a campaign that entails sucking the very life out of Clark. Now it's up to Foon to enter the World of Darkness and take on the Monster in charge in order to stop the plot and save Clark's life. In the long tradition of Stuffies vs. Monsters, this one's a battle for the ages—one that will certainly go down in Stuffie history.

The Nine Lives of John Ogilby Alan Ereira, 2016-11-17 Four hundred years ago, every barrister had to dance because dancing put them in harmony with the universe. John Ogilby's first job, in 1612, was to teach them. By the 1670s, he was Charles II's Royal Cosmographer, creating beautiful measured drawings that placed roads on maps for the first time. During the intervening years, Ogilby had travelled through fire and plague, war and shipwreck; had been an impresario in Dublin, a poet in London, a soldier and sea captain, as well as a secret agent, publisher and scientific geographer. The world of his youth had been blown up and turned upside down. Beset by danger, he carefully concealed his biography in codes and cyphers, which meant that the truth about his life has remained unknown... until today. In this enlightening book, Alan Ereira brings a fascinating hidden history to light, and reveals that Ogilby's celebrated Britannia is far more than a harmless road

atlas: it is, rather, filled with secrets designed to serve a conspiracy of kings and England's undoing. The Nine Lives of John Ogilby is the story of a remarkable man, and of a covert journey which gave birth to the modern world.

Stunningly handsome, clever and not a little bit intimidating, there's something about him that doesn't quite add up. Ever realises he's hiding something, but nothing could prepare her for the truth - especially when the truth involves past lives, murderous enemies, everlasting love and the secret of eternal youth . . .
